Kriss Halpern,
1021 5th Street, #209
Santa Monica, CA 90403

Dear Kriss,

It was wonderful to meet you at the recent Diabetes Family retreat. On behalf of all the families, ADA staff, and the planning committee, we'd like to thank you once again for your informative presentation about diabetes and your legal rights, and also for participating in the experts Q & A panel.

The retreat program is of great value to families living with type one diabetes. We hope you know that your dedication and support to these parents and children was very much appreciated. We hope that you, Lisa and Kat enjoyed your weekend too!

Please enjoy your plate painted by one of the children at the diabetes family retreat.

With sincere appreciation,

Consuelo Siposs
